WORK EXPERIENCE

Load controller/Supervisor

Menzies Aviation Hungary Kft

2009 - 2023

- **Co-ordination of all functions required** enabling the safe, on time departure of the aircraft within their scheduled turnaround times in accordance with the Ground Handling Manual.
- Load Control
- Keep records of the availability of aircraft and equipment, weight of cargo, and the amount of fuel flown by each plane.
- Headset operations with flight deck crew

Load controller/Supervisor

Celebi Ground Handling Hungary

August 2009 - June 2011

- Load control weight and balance calculation considering of aircraft types. Collecting flight plans with information including maximum allowable take-off and landing weights, weather reports, field conditions, METARs, TAFs, NOTAMs and other information required for the safe completion of the flight.
- Responsible for the economics, operational control, and passenger service requirements for daily flight operations.
- **Co-ordinating & recording** the safe and timely delivery of all services to the aircraft at the request of the crew or engineers.

MAIN STRENGTHS

- **Problem – solving capabilities** – I do not panic if I meet an unusual situation. I do not hesitate, try to solve the problem and manage the situation. If I do not know something, I ask.
- **High performance and tolerance** – in the last 11 years there was a long period, when I worked for two or three different companies at the same time at the airport. I met a wide range of different people/teams with different habits, and I could work with all of them easily.

FUTURE PROSPECTS

Unfortunately, I have reached my goals, so I am looking for new challenges.

In the future it is my intention to find a position as frontend developer, and become a valuable person for others.

EDUCATION

Junior Frontend developer Certificate

Progmatic Academy
2022-2023

Language skills

- Hungarian – mother tongue,
- English - Intermediate user (B2)

SKILLS

- HTML
- CSS
- Javascript
- React
- Git

ABOUT ME

As a sport-junkie, I admire most of the sports, especially , cycling, fishing, and most of the athletic sports. I enjoy learning new and different things, and have a healthy ambition for competition.
